

PRE-OPERATIVE COVID TESTING:

ALL patients (including locals) must take a pre-surgical COVID19 test within 72 hours of their procedure. Hinsdale Surgical Center has partnered with Westmont Immediate Care to administer our Covid19 PCR tests. Westmont Immediate Care is open Monday thru Friday from 9:30 AM to 1:30 PM for testing. They accept most insurance plans with the exceptions being Aetna, United Healthcare and HMO plans. For patients with those insurance plans, we have listed some alternative testing locations below.

Patients are welcome to get their COVID19 tests performed at other locations that are more convenient to them, but it **MUST** be a PCR test performed no more than 72 hours prior to their surgery date. No rapid POC tests will be accepted by HSC. Fax number for patients to send us COVID19 results is 630-325-5117.

YOU MUST SCHEDULE YOUR COVID TEST ONLINE at: <https://www.immediatecarewestmont.com/> and choose a time slot to arrive. DO NOT WAIT TO SCHEDULE- testing demand fluctuates with the seasons and waiting will decrease the amount of times available.

Laboratory Location

Westmont Immediate Care
29 North Cass Avenue
Westmont, IL 60559
(630) 324-6825

Testing Schedule:

Procedure/Surgery Day	Testing Day

A message from the clinic:
When you get to our facility, please park next to the WHITE TENT and stay in your car.
COVID-19 testing is by appointment only. If you have a non-COVID-19 complaint, please come in from 3-5 pm and DO NOT make an appointment using Sox.
You will typically receive your lab results within 48-72 hours via e-mail from our Secure Patient Portal once your results have been uploaded (the sender will be listed as "no-reply@healthdataexchange.com"). Check both inbox and your junk mail basket. The email will provide a link to the DocuTap portal (Press "Click Here" at the bottom).
